Pottstown Children's Discovery Center

Pottstown families now have a vibrant new destination for fun, learning, and imagination. On Saturday, June 21, the Pottstown Children's Discovery Center (PCDC) officially opened its permanent home at 95 South Hanover Street.

The PCDC's mission is simple: inspire curiosity, creativity, and a love of learning while empowering children to dream big and thrive through play. Families can explore interactive exhibits designed to spark imagination and critical thinking.

Must-see exhibits include:

- Barn to Belly Room featuring a life-sized food truck and 2-story slide
- STEM Room with a water table, car factory
- Federal Credit Union bank & interactive ATM
- Floor-to-ceiling LEGO wall
- Theater stage for kids to put on a show

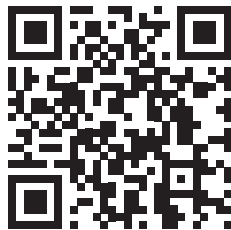

Open Wednesday through Sunday, the Pottstown Children's Discovery Center offers families a safe, and affordable space for hands-on learning.

"This is about inspiring the next generation of thinkers and dreamers," said Beth Desch, Executive Director. "We want kids to explore, collaborate, and build confidence."

Beyond entertainment, research shows that early hands-on experiences like these strengthen brain development, social skills, and school readiness. The Discovery Center adds to Pottstown's growing reputation as a family-friendly destination and vital regional resource for young learners.
